

“YESTERDAY’S SON” UPDATE

ANGEL RITTENBURG 11/24/2024

MMAN20A

FROM WEDNESDAY'S ANIMATION CLUB/LAB

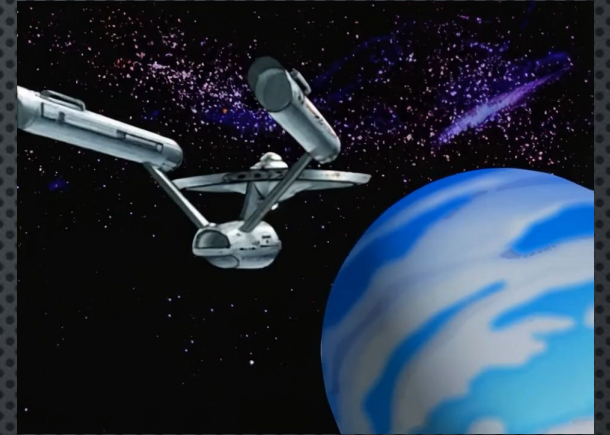

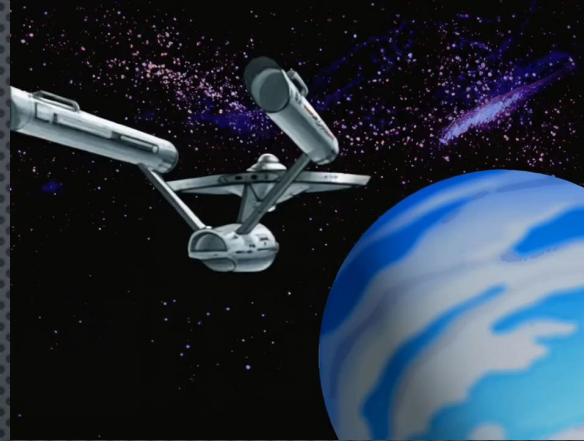

- THIS WEEK, I NEEDED SOME FOOTAGE THAT I THOUGHT WOULD BE EASY TO GET FROM AI.
- THIS WEEKS LESSON" AI CAN TAKE MORE TIME TO USE THAN GOOD OL' AFTER EFFECTS

I WAS EXCITED TO SHOW OFF [HTTPS://HAILUOAI.VIDEO/](https://hailuoai.video/) SO I THOUGHT OF TRYING A SIMPLE PROMPT.

I WAS ALSO LOOKING FOR AN AI TO TWEEN WITH.

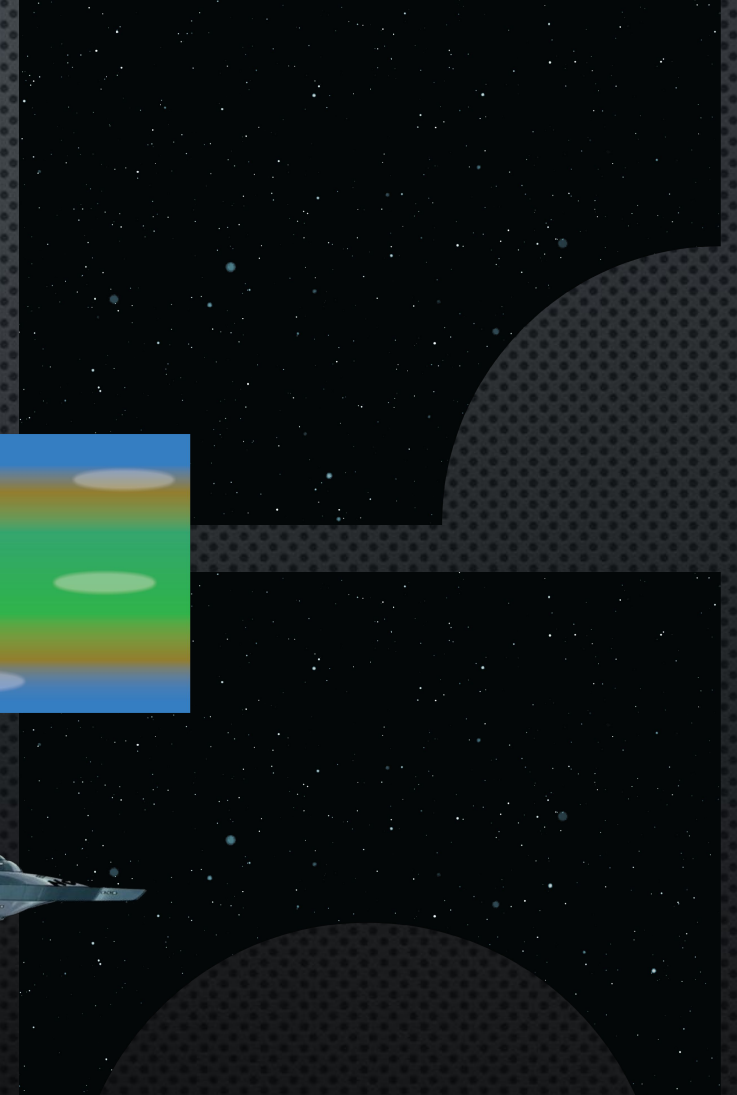

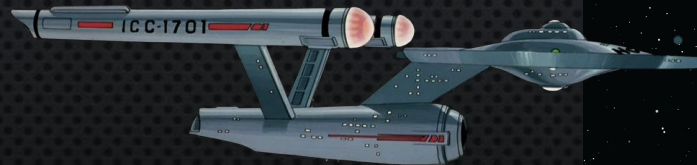

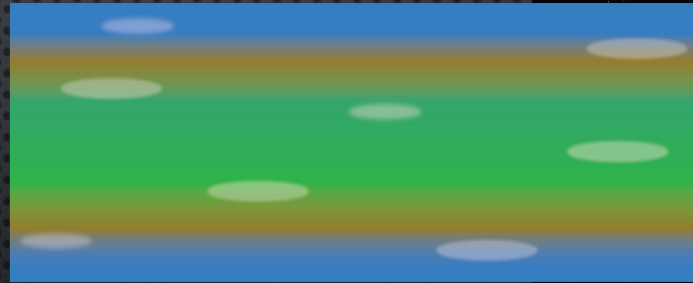

ANIMATED FOOTAGE

- ABOUT 90% OF THE IMAGE TO VIDEO STUFF IVE DONE WORKED OUT WELL. I THOUGHT I WOULD TRY A CARTOON. EASY, RIGHT?
- I USED **TWO DIFFERENT IMAGES FOR TWO DIFFERENT ANGLES.**
- PROMPT: SHIP APPROACHES SLO-MO ROTATING PLANET. CARTOON STYLE ANIMATION.

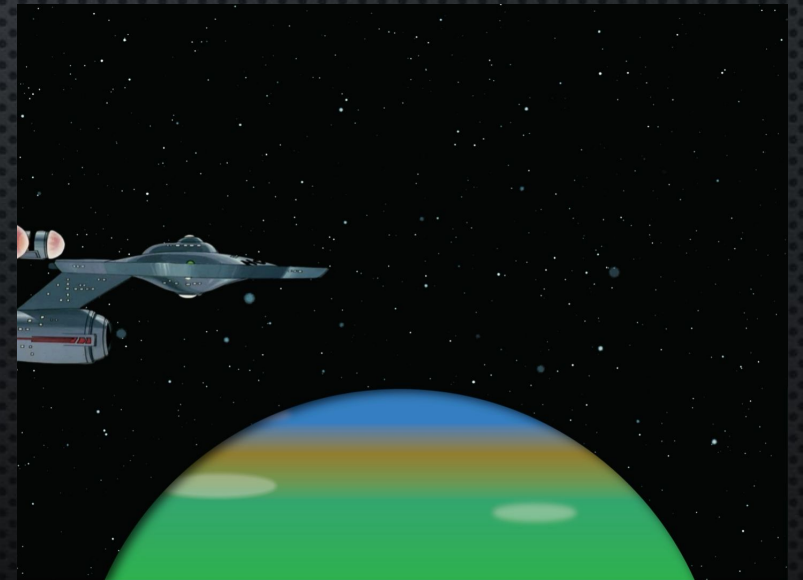

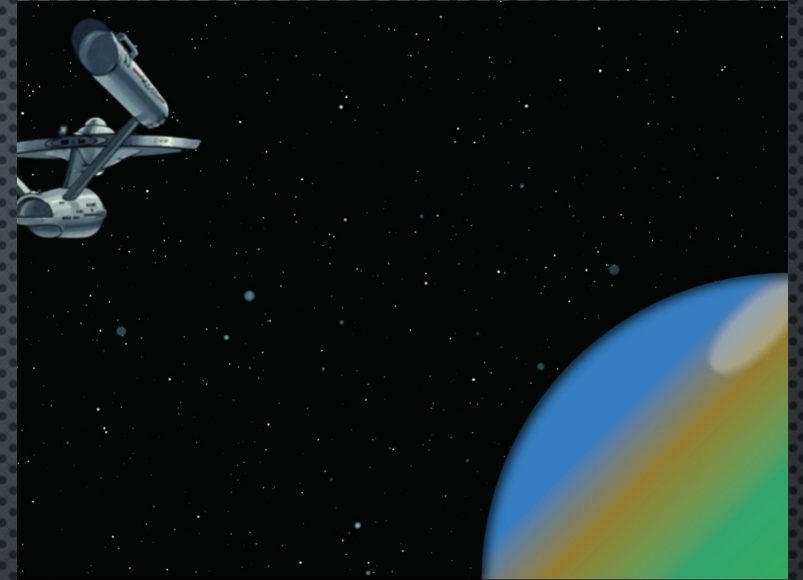

THE EASY WAY: OL SKOOL CEL ANIMATION

1. I TOOK SOME SCREENSHOTS OF THE ANIMATED SERIES
2. PHOTOSHOP: CREATED SOME PNG's OF THE SHIPS.
3. ILLUSTRATOR: CREATED TWO PNG's OF SPACE WITH THE PLANET IN FRAME.
4. ILLUSTRATOR: SIMPLE GRADIENT STRIP TO MAKE THE PLANET SURFACE. NO KEYLIGHT NEEDED.
5. AFTER EFFECTS: ASSEMBLY. ALL IMAGES ARE RECTANGLES LIKE CELLS. I STACKED THEM AND ANIMATED THEM JUST LIKE OLD PEOPLE USED TO DO IT.

ASSEMBLY & RENDERS

A SURPRISE “RECREATE” PROMPT ON AN EXISTING IMAGE FROM THE ‘HOME’ PAGE.

- THE VULCAN MAN WITH A BEARD AND BLUE UNIFORM WITH A CERAMONIAL SASH EMBELISHED WITH MEDALS TURNS HIS HEAD TO LOOK INTO THE CAMERA, IN FRONT OF THE VULCAN IS A HUGE GLASS SCREEN COVERED IN NUMBERS AND PATTERNS OF VARIOUS COLORS. THROUGH THE GLASS SCREEN, THE VULCAN CAN BE SEEN SMILING AT THE CAMERA.
