Animation Lab Review 2024 Spring

Angel Rittenburg

A review of this years projects

This class is great. I am so happy its offered at BCC.

This semester, I’ve found many new projects for me to include in my work

Everytime I take it, I feel like I improve my skills in using all the applications and in my project management skills.

I also love seeing what others are up to. There's such a variety of work in the Lab!

And the pizza is great. Not greezy at all!!

Burlesque Birthday

Fred Meets Peaches

Based on a true story, maybe your story, maybe not.

San Francisco

Present Time

Jenny
Jenny is 33. She is the Karaoke Queen of The Pit. After Jenny's father passed, she started hanging out with Fred more. They both missed her father.
Jenny's main gig is being an artist, her work is collected by the supermodel Mauve. The two women have developed an odd relationship centered around a Shih Tzu.

Mauve
City

Peaches
Peaches is a Shih Tzu owned by Mauve too, is cared for by Jenny. Peaches really doesn't like hanging out with models all day. She wants to play and have fun.

Series Finale
Season 3; Episode 5

Knocking on the Door

Series Finale Bonus
Season 3; Episode 6

The Other Side

All episodes end with a quick 3 sec shot of a different crew member & their pet. This is to establish that the crew is created from experience and love.

Supporting Characters

Significant Others:

Characters who will be Supporting to the main characters. Will we see them OR will they remain elusive and revealed in the Finale?

We plan to tease the audience with clues and easter eggs.

Winona

Fred's wife.

They were packed and ready to move to a small cabin in the woods when Covid hit.

She passed from Covid it's first summer.

Jerry

Fred's long-time buddy.

Jerry & Fred have a history together they don't talk about much. Along with Jerry's father, Jerry served in the Army. Fred didn't serve, but has worked with the Army as a civilian contractor.

Fred's Son

A Long distance relationship.

Somehow, his name is not revealed during the run of the season. He is always referred to as "my or our son" or just son.

We will reveal his name, but that will be behind in clues such as a red door

Photographer

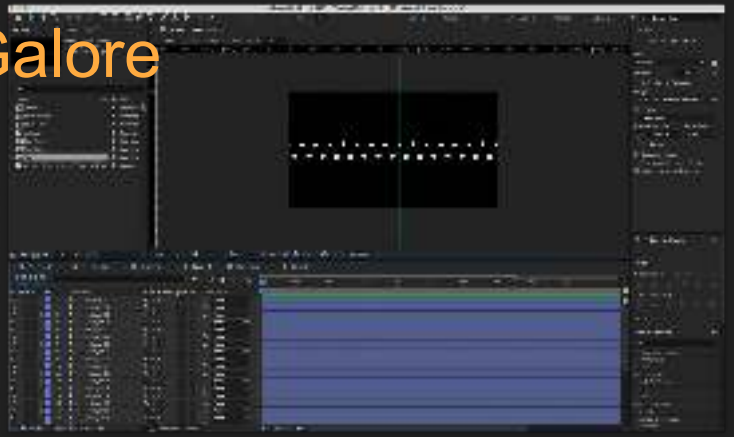

Mauve's shadow.

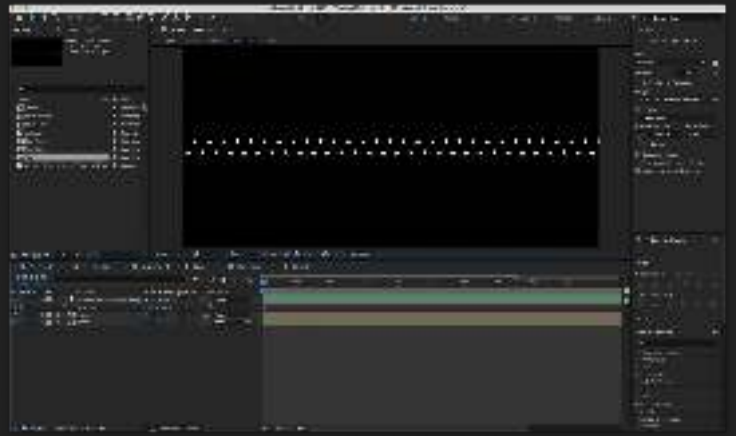

With a very cylindrical body shape & choices in presentation, all we know is: someone is always taking a photo of Mauve.

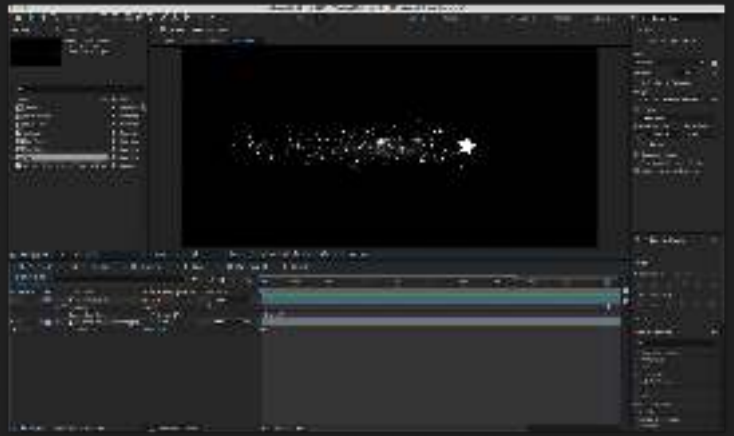

Reveal Clues could be right in front of you.

PSA - Why Vote 2024

Waving Flag

So this started out as a challenge for another group I work with.

I wanted to show someone how easy it is to utilize Ae to make animations. And the flag can be changed by simply replacing the image of the flag.

The displacement map pieces i did do the same thing as this animation, just using the displacement map in a new way.

My piece worked ok but in the end the tut was v2023 and v2024 is different enough to make this a bit challenging … if you look close you can see some of the problems i need to iron out.

PSA - Why Vote?

Trying something simple, but of course i made it more complicated.

This started out to get a waving flag and this is were I ended up!

The flag was going to be a background element and still unsure if im going to use it.
